Model YD-PSJ250ES3

Blade & Durability

The cutting blades are wear-resistant and designed for long service life, making them suitable for shredding a wide range of confidential and sensitive media.

Operational Stability

The shredder features excellent structural stability, impact resistance, and vibration resistance, ensuring safe and reliable operation under long-term, heavy-duty working conditions.

Shredding Output

According to customer requirements, the output size and form can be customized, including strip-cut or flake-type output (see image reference).

Discharge Options

The system supports external discharge solutions, including connection to an output conveyor line or a centralized pneumatic suction (vacuum conveying) system.

Shreddable Materials

- Cellulosic materials (wood-based fibers)
- Paper documents
- Film (e.g. photographic film / industrial film)
- Cardboard and corrugated boxes
