Suitable Users / Typical Applications

Ideal for:

- Waste paper recycling stations for processing **fake packaging paper / discarded packaging paper**
- Bulk shredding of **cards and plastic components**
- Destruction centers for **display and decorative material disposal**

Product Limitations

1. Relatively high operating noise
2. Generates more dust during operation
3. Higher power consumption
4. Slower discharge rate and may experience paper jamming under certain conditions

Product Advantages

1. **Cost-effective solution with competitive pricing**
2. **High-power drive system**, strong performance, attractive appearance, and robust structure
3. Suitable for **confidential destruction services at recycling stations** — can also be used for on-site demonstration and business presentation purposes to enhance service image

Return & Exchange Policy

Due to the machine's **large size, heavy weight, and relatively high packaging and freight costs**, customers are requested to carefully confirm all specifications and review machine operation videos before shipment.

Once shipped by YUEDU, returns are generally not accepted. If quality-related issues are confirmed, replacement service can be provided.
